

ISLA Staff Profile

Cost Estimator

Gabriel

Construction Cost Estimator

About Me

Detail-oriented Construction Cost Estimator with experience supporting residential, commercial, renovation, and fit-out projects across Australia, the United States, and the Philippines. Skilled in quantity takeoffs, cost estimation, BOQ preparation, tender support, scheduling, and project coordination, with hands-on site engineering experience and proficiency in PlanSwift, Bluebeam Revu, Buildxact, Procore, Primavera P6, MS Project, AutoCAD, and Excel.

Work Experience

Build One Construction (AU)

Dec 2025 - Jul 2026

Residential Construction Estimator

- Review architectural drawings, specifications, engineering plans, and client selections.
- Prepare detailed quantity takeoffs and cost estimates for residential construction projects.
- Measure materials and labour requirements using PlanSwift and Excel.
- Prepare Bills of Materials and trade breakdowns.
- Request and review supplier and subcontractor quotations.
- Update pricing databases and estimate templates.
- Identify drawing discrepancies, missing information, and potential cost variations.
- Coordinate with project managers, suppliers, and other team members to finalise estimates.
- Assist with improving the estimating process by introducing PlanSwift to replace manual Excel-based takeoffs.

Titan Development (US)

Jan 2024 - Dec 2025

Construction Estimator & Project Scheduler

- Reviewed construction drawings, specifications, and project scopes.
- Prepared quantity takeoffs, cost estimates, and bid proposals.
- Coordinated with suppliers and subcontractors to obtain pricing.
- Developed and maintained project schedules, task lists, and construction timelines.
- Monitored project progress based on daily site updates and field reports.
- Updated project trackers and dashboards to reflect completed, ongoing, and delayed activities.
- Coordinated with project managers and site teams regarding schedules, materials, and project requirements.
- Identified potential scheduling conflicts and helped adjust timelines accordingly.
- Prepared progress reports and communicated project updates to management.

Jakboa Builders - Site Engineer

Jul 2022 - Dec 2023

- Supervised daily site activities and monitored the work of foremen, subcontractors, and workers.
- Reviewed construction drawings and ensured that site work followed approved plans and specifications.
- Conducted site inspections and monitored workmanship, quality, and safety compliance.
- Prepared material quantity estimates and coordinated material requests and deliveries.
- Monitored daily accomplishments, manpower, equipment, and material usage.
- Prepared daily and weekly progress reports.
- Coordinated with architects, engineers, suppliers, and subcontractors regarding site concerns.
- Assisted in resolving drawing discrepancies and construction issues.
- Monitored project schedules and helped ensure that activities were completed on time.
- Assisted with documentation, permits, billings, and other project records.

Gabriel

Construction Cost Estimator

Work Experience

Department of Public Works and Highways (DPWH)

Jan 2021 - Jul 2022

Assistant Engineer

- Assisted engineers with the planning and implementation of government infrastructure projects.
- Conducted regular site inspections and prepared inspection reports.
- Monitored project progress and checked compliance with approved plans and specifications.
- Assisted in verifying quantities, measurements, and completed work on-site.
- Prepared and organised project documents, reports, and supporting records.
- Coordinated with contractors and project personnel regarding site activities and requirements.
- Documented construction issues, delays, and progress updates.
- Assisted in reviewing plans, estimates, and other technical documents.

Elijah

Construction Cost Estimator | Quantity Surveyor

About Me

Detail-oriented Construction Cost Estimator and Quantity Surveying Specialist with nearly two years of remote experience supporting construction teams across Australia, the United States, and New Zealand. Experienced in preparing accurate quantity takeoffs, BOQs, cost estimates, and bid documentation for residential and commercial projects.

Work Experience

BuilderDuty Inc. (US)

Estimator / Quantity Surveyor

Mar 2026 - Jul 2026

- Prepares detailed quantity takeoffs and cost estimates from architectural drawings and specifications.
- Develops BOQs and trade-specific breakdowns for drywall, metal framing, ceilings, and insulation.
- Delivered estimating outputs for more than 50 residential and commercial projects.
- Reviews estimates for accuracy, quality, and timely submission.
- Developed an Excel-based estimation tool to improve estimating efficiency.

Titan Development (NZ)

Construction Estimator & Project Scheduler

Nov 2024 - Feb 2026

- Prepared partition and reflected ceiling plan takeoffs for residential and commercial projects.
- Supported approximately 15 projects per month with accurate quantities and pricing documentation.
- Coordinated with Sales and Engineering teams to align estimates with project specifications.
- Reviewed drawings and prepared technical and construction documentation.
- Progressed to a Delivery Team Engineer role and led a two-member offshore team.

Melinda

Construction Cost Estimator | Quantity Surveyor

About Me

Dedicated Construction Estimator and Quantity Surveyor with over six years of experience supporting Australian, American, and Philippine construction projects. Skilled in quantity takeoffs, BOQ preparation, cost planning, tendering, supplier coordination, and constructability reviews across residential renovations, commercial fit-outs, and mixed-use developments.

Work Experience

Australian Residential Renovation (AU)

Mar 2022 - Apr 2026

Estimator

- Reviewed architectural, structural, demolition, and survey plans to determine project scope.
- Prepared detailed BOQs, quantity takeoffs, unit rates, and residential construction quotations.
- Completed estimates across demolition, excavation, concrete, structural steel, carpentry, roofing, finishes, plumbing, electrical, masonry, joinery, and tiling works.
- Prepared and coordinated RFIs with designers and project managers.
- Issued RFQs and reviewed supplier and subcontractor quotations against project budgets.
- Prepared purchase orders, variation quotations, and revised cost comparison reports.
- Supported offshore project managers with cost reporting and budget presentations.

Crimson Group Inc

Oct 2019 – Mar 2022

Quantity Surveyor

- Prepared quantity takeoffs and costing for commercial and mixed-use fit-out projects.
- Attended pre-bid meetings and site inspections to capture key project requirements.
- Conducted constructability reviews and coordinated RFIs and RFQs.
- Reviewed supplier quotations and calculated project unit rates.
- Prepared variation quotations and presented final bid costing to the Estimating Manager.
- Reviewed team outputs to ensure estimating accuracy and completeness.

ViaTechnik Inc.

Feb 2019 – Jun 2019

Estimating Specialist

- Completed quantity takeoffs for American residential and mixed-use projects.
- Reviewed plans and specifications to assess project scope and constructability.
- Prepared estimates for architectural finishes, landscaping, hardscapes, MEPF, and countertop works.
- Supported labour budgeting for BIM drafting projects.

WB Builders

Jan 2018 – Feb 2019

Site Engineer

- Managed on-site activities for commercial fit-out projects, including restaurants and boutiques.
- Ensured construction works followed approved plans, schedules, and safety requirements.
- Coordinated contractors, permits, testing certifications, and stakeholder meetings.
- Supported pre-bid discussions and project delivery requirements.

John

Construction Cost Estimator | Quantity Surveyor

About Me

Licensed Civil Engineer with experience in quantity surveying, construction estimating, structural design, and BIM/CAD modelling for Australian and US construction projects. Skilled in preparing detailed takeoffs, BOQs, cost estimates, bid documentation, and technical drawings across commercial, residential, infrastructure, and civil works.

Work Experience

HR Marc Company (US)

Estimator / Quantity Surveyor

June 2026 – Present

- Reviews architectural, structural, civil, site, and specification documents for commercial tenders.
- Prepares detailed quantity takeoffs, scope reviews, BOQs, and BOMs for pricing and bid submissions.
- Identifies scope gaps, drawing conflicts, assumptions, exclusions, and required RFIs.
- Estimates concrete, excavation, backfill, slabs, footings, paving, curbs, equipment pads, and related site works.
- Produces Bluebeam and On-Screen Takeoff markups aligned with US construction standards and company templates.

Department of Public Works and Highways

Project Development Officer / Civil Engineer

Aug 2024 – May 2026

- Prepared detailed designs, material quantities, and cost estimates for public infrastructure projects.
- Designed a box culvert bridge and achieved approximately 10% project cost savings through design optimisation.
- Developed estimates for a ₱23 million flood-control and slope-protection project.
- Conducted inspections and coordinated road maintenance, rehabilitation, manpower, and materials.
- Prepared structural detailing, project documentation, and 3D visualisations.

Crystal Blue Enterprises Inc.

Project Manager

Jan 2024 – Jul 2024

- Managed the end-to-end delivery of resort and swimming pool projects valued between ₱3 million and ₱15 million.
- Prepared architectural, structural, civil, plumbing, and electrical designs.
- Developed project estimates and aligned construction scopes with client budgets.
- Coordinated project delivery, documentation, and client requirements as the company's sole engineer.

Education

Don Honorio Ventura State University | 2019–2023

Bachelor of Science in Civil Engineering

Specialisation in Structural Engineering

Glenadine

Construction Cost Estimator | Quantity Surveyor

About Me

Licensed Civil Engineer and detail-oriented Quantity Surveyor with experience in material takeoffs, BOQ preparation, cost monitoring, procurement support, and construction coordination. Skilled in supporting project delivery through accurate estimates, organised documentation, technical issue resolution, and effective communication with suppliers, subcontractors, and internal teams.

Work Experience

RICJAY Builders

Aug 2025 – Jan 2026

Office Engineer / Design Engineer

- Prepares detailed quantity takeoffs and cost estimates from architectural drawings and specifications.
- Develops BOQs and trade-specific breakdowns for drywall, metal framing, ceilings, and insulation.
- Delivered estimating outputs for more than 50 residential and commercial projects.
- Reviews estimates for accuracy, quality, and timely submission.
- Developed an Excel-based estimation tool to improve estimating efficiency.

ED1SON Construction and Development Inc.

May 2024 – July 2025

Technical Support Engineer

- Supported construction coordination across civil, electrical, and plumbing works.
- Prepared S-curves and Gantt charts for project schedule monitoring.
- Assisted in resolving technical site issues and reducing workflow disruptions.
- Coordinated regulatory requirements, permits, and material testing documentation.
- Prepared project accomplishment reports and management updates.

Vashner Construction and Surveying Services

Aug 2023 – Feb 2024

Quantity Surveyor

- Prepared detailed material takeoffs and BOQ estimates.
- Monitored project costs and material usage against approved BOQs.
- Maintained material tracking systems to improve inventory accuracy.
- Coordinated deliveries to support site readiness and project timelines.
- Assisted procurement teams with scope, budget, and supplier coordination.

Shekinah

Construction Cost Estimator | Quantity Surveyor

About Me

Licensed Civil Engineer with more than two years of experience in construction cost estimation, quantity takeoffs, BOQ preparation, scope development, and plan analysis. Experienced across site development, structural works, and architectural finishes, with training in both Australian and US construction estimating practices.

Work Experience

GW Fortune Builders, Inc.

Feb 2024 – May 2026

Cost Estimate Engineer

- Reviewed architectural and engineering plans and issued RFIs for missing or unclear details.
- Developed detailed scopes of work for construction projects.
- Prepared quantity takeoffs, cost estimates, budgets, and BOQs across multiple construction trades.
- Estimated site development, earthworks, structural works, and architectural finishes.
- Prepared structural cutting lists for reinforced concrete and steel works.
- Used PlanSwift and spreadsheets to produce accurate and competitive tender estimates.

SPEC-G Construction Services

Jul 2023 – Jan 2024

Site Engineer / Quantity Surveyor

- Forecasted and estimated materials required for upcoming construction activities.
- Managed site operations and supervised workers against approved plans and schedules.
- Revised construction drawings using AutoCAD to reflect site and as-built changes.
- Coordinated with clients, suppliers, and subcontractors.
- Prepared daily documentation, progress reports, and project monitoring records.
- Supported the successful completion of residential and commercial projects.

About Me

Licensed Civil Engineer and Construction Estimator with eight years of experience preparing quantity takeoffs, BOQs, cost estimates, rate build-ups, and tender pricing for Australian residential and commercial construction, as well as infrastructure projects. Known for accurate measurement, clear documentation, and dependable delivery within deadline-driven environments.

Work Experience

Corium Projects

Construction Estimator

2023 – April 2026

- Prepared quantity takeoffs, BOQs, and cost estimates for Australian residential and commercial projects.
- Used Bluebeam for measurements, mark-ups, quantity checking, and estimating documentation.
- Reviewed architectural, structural, and project drawings to confirm quantities and trade scopes.
- Prepared rate build-ups, cost analyses, pricing summaries, and tender support documents.
- Coordinated with contractors to clarify scope, drawings, and estimating requirements.
- Estimated architectural, structural, civil, MEP, fit-out, and external works.

Department of Public Works and Highways

Engineer II – Planning and Design / Quantity Surveyor

2018 – 2023

- Prepared detailed quantity and material takeoffs for residential, commercial, and public infrastructure projects.
- Developed BOQs, structured cost estimates, rate build-ups, and pricing summaries.
- Reviewed architectural, structural, and MEP drawings against project requirements.
- Updated labour and material pricing databases to reflect market conditions.
- Coordinated with project teams to validate site conditions and clarify technical requirements.
- Conducted quality checks to ensure estimating outputs met specifications and industry standards.

Education

Lyceum of the Philippines University | 2017

Bachelor of Science in Civil Engineering

Core Skills

- Quantity and Material Takeoffs

Angelica

Email Marketing | Lead Generation Specialist

About Me

Detail-oriented Email Marketing and Lead Generation Specialist experienced in prospect research, database development, high-volume outreach, social media management, and campaign administration. Brings additional experience in building-material procurement, providing practical exposure to supplier coordination, documentation, and operations relevant to the construction sector.

Work Experience

Maternal Wellness E-commerce Brand

Email Marketing & Lead Generation Specialist

May 2024 – May 2026

- Conducted market research and lead mining to identify qualified prospects.
- Executed high-volume email and direct-message outreach campaigns.
- Contributed to a 15% increase in brand partnership enquiries.
- Maintained and cleaned prospect databases to improve deliverability.
- Verified contact information and reduced campaign bounce rates.
- Supported targeted digital outreach to international prospects.

Outrex Building Materials Trading L.L.C. – UAE

Procurement Officer

Mar 2023 – Apr 2024

- Managed purchase orders, shipment tracking, and supplier coordination.
- Worked with warehouse and operations teams to optimise inventory levels.
- Maintained accurate records of invoices, contracts, receipts, and procurement documents.
- Coordinated delivery requirements to support quantity accuracy and timely fulfilment.
- Provided administrative and stakeholder support within the building-materials sector.

Padyak City & Pontelo.ph

Freelance Social Media Manager

2020 – 2023

- Increased organic reach across Facebook, Instagram, and TikTok.
- Created short-form marketing content using Canva and CapCut.
- Managed comments, direct messages, and community engagement.
- Developed and maintained consistent social media posting schedules.
- Used AI tools to support content ideation, scripting, and campaign planning.

Education

San Beda College Alabang | 2014–2018

Bachelor of Science in Psychology

Jhanna

NDIS Rostering Coordinator

About Me

Dedicated and results-driven NDIS Scheduling Coordinator experience in disability, and community service environments. Proven expertise in staff rostering, client coordination, service delivery, and compliance under NDIS standards. Adept at managing high-volume schedules, responding to last-minute roster changes, and ensuring consistent service coverage across multidisciplinary teams. Recognised for fostering strong client relationships, supporting operational efficiency, and delivering participant-centred care.

Work Experience

Isla VA Solution

June 2024 - Jul 2026

Scheduling Coordinator

- Strategically prepare, allocate, and manage staff rosters aligned with participant support needs, service requirements, and workforce availability.
- Coordinate end-to-end roster management, including shift changes, cancellations, backfills, and urgent coverage requests, ensuring service continuity and minimal disruption.
- Communicate roster updates promptly and professionally to all stakeholders, including staff, participants, families, and external agencies.
- Match Support Workers to participants based on skills, experience, compatibility, and operational suitability to ensure high-quality service delivery.
- Provide comprehensive administrative and operational support, including participant onboarding, data entry, documentation management, and system updates.
- Serve as the primary point of contact for Support Workers, participants, coordinators, and external partners regarding scheduling, attendance, and service delivery matters.
- Work collaboratively with Team Leaders, Managers, and multidisciplinary internal teams to forecast staffing needs, maintain compliance, and optimise operational efficiency.
- Develop, maintain, and optimise rosters to ensure appropriate coverage levels, alignment with participant plans, and adherence to organisational and NDIS requirements.
- Action and process all roster changes, leave requests, cancellations, and service adjustments with urgency, accuracy, and clear communication across stakeholders.
- Approve shifts for employees and participants by validating hours, attendance, and accuracy against the run sheet and internal guidelines.
- Support onboarding and ongoing training of new staff in rostering systems, processes, and best-practice workforce coordination standards.

First Business Solutions

May 2021 - June 2024

Rostering Coordinator

- Maintained organized compliance documentation and assisted with NDIS audits, compliance tracking, and reporting.
- Managed incident reporting systems, ensuring accurate record-keeping, escalation of discrepancies, and prompt follow-up.
- Delivered general administrative and operational support for NDIS providers and support coordinators to optimize day-to-day workflows.
- Performed high-accuracy data entry and system updates across CRMs, NDIS portals, and internal tracking tools while maintaining strict data privacy.

Victoria

NDIS Rostering Coordinator

About Me

Experienced NDIS Rostering and Workforce Coordinator with hands-on experience managing staff rosters, shift allocations, cancellations, leave requests, timesheets, and daily scheduling in NDIS environments. She has used Visual Care and other care systems to coordinate support workers and respond to staffing changes, participant enquiries, and operational needs. With experience as a Staffing Team Lead, she brings strong coordination, communication, and problem-solving skills suited to NDIS roosting and operational support roles.

Work Experience

Isla VA Solution

Oct 2024 - Aug 2026

Admin and Rostering Coordinator

Admin

- Coordinated participant appointments and support worker schedules to support efficient service delivery.
- Managed staff roosting, shift allocations, timesheets and general scheduling processes.
- Responded to participant, family and stakeholder enquiries via phone and email.
- Maintained participant records, case notes and administrative documentation.
- Assisted with preparation and management of Service Agreements, care plans, onboarding documentation and other NDIS-related paperwork.
- Monitored worker compliance documentation, including qualifications, certifications and screening requirements.
- Supported day-to-day administrative and operational requirements of the provider.

Rostering

- Managed staff roosting and scheduling to ensure shifts were appropriately allocated according to service requirements.
- Used Visual Care to manage and review staff rosters.
- Regularly monitored scheduling messages, roster conflicts, availability and leave requests.
- Responded promptly to last-minute staffing requirements, including: Shift cancellations, Staff no-shows, Emergency fill-ins, Roster changes
- Updated timesheets to ensure accurate recording of: Support worker hours, Kilometres travelled and Shift notes
- Maintained confidentiality of participant, staff and Home Care information in line with organisational and NDIS requirements.
- Assisted with capturing and documenting information relating to participant and family concerns.
- Collaborated with the Care Team to address operational and service-related concerns.
- Supported consistent communication between workers, participants, families and the broader care team.
